Subject: Contract [REDACTED] - Installation
of Acoustical tile ceilings in Corridors
and Acoustical tile walls and ceiling
in Heavy Equipment Storage Room

25X1A

25X1A9a

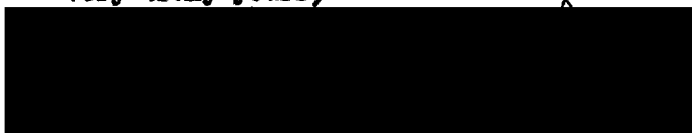

Dear [REDACTED]

Enclosed is Proposed Modification No. 21 covering the installation of acoustical tile ceilings in the corridors as Item 1 and the installation of acoustical tile walls and ceiling in the Heavy Equipment Storage Room as Item 2.

The Contractor's breakdown on the proposal for the corridor ceilings, submitted with your letter of 9 April 1954, is satisfactory and the Contractor may proceed with the work to prevent any unnecessary delay.

The additional work, of a similar type, covering the installation of acoustical treatment for the Heavy Equipment Storage Room has been added to the proposal as Item 2. Please have the Contractor prepare a breakdown estimate and return it with the signed proposal forms.

Very truly yours,

Contracting Officer
